Employment History

Morrissey Motors (Peugeot Main Dealer) | *Apprentice Mechanic* | May 2021 – Jan 2024

- Selected ahead of peers to lead high-level technical tasks, including full engine replacements, recognized by management for exceptional attention to detail, strong work ethic, and diagnostic precision.
- Executed comprehensive physical, electrical, and software diagnostics across client vehicles.
- Completed Peugeot technical training modules covering modern vehicle electronics and diagnostic systems.
- Maintained clean, organized work environments to ensure safe and efficient repairs within tight schedules.

Electrocity, Kilkenny | Sales / Main Desk | Oct 2020 – May 2021

- Advised retail customers on product selection across consumer electronics and appliance ranges.
- Managed reception, incoming phone traffic, and point-of-sale customer finalizations.
- Performed daily till counts, reconciled cash balances, and prepared bank drop deposits.
- Audited showroom stock and coordinated multi-warehouse inventory tracking.

Hobbies & Interests

I have an interest in computers and enterprise hardware. I have a great interest in homelab setups and this sparked my interest in networking and ultimately lead me to going back to college.
